Everything Country Outdoor Market

Information for Concessions

Overview

Concessions are those vendors operating food services intended as meals throughout the day. All efforts will be made to ensure minimal menu overlap between mains sold (ex. perogies, burgers, wraps, soups, tacos, etc.). There may, however, be considerable menu overlap in sides (ex. fries, snacks, drinks, etc.).

Space and Features

All concession sites vary in size and are dependent on vendor needs. Spaces allow enough room to park a food trailer and, in certain circumstances, allow a vehicle to remain attached to the trailer. Concession spaces include access to 2 electrical outlets for which vendors must supply their own extension cords (100 ft is recommended). Arrangements may be made for additional onsite vehicle parking where vendors require access to a vehicle for restocking purposes. Discuss specific needs with ECOM organizers before booking a concession.

Fee

Concession sites have a flat \$250 booking fee. This is the only applicable fee for concessions and includes electrical access and onsite vehicle parking when discussed in advance. This fee does not include tables which must be booked additionally (\$10 each).

Food Forms

Vendors operating a concession must complete food forms to be sent to the SHA in addition to the general registration form. Forms are available on our website and must be submitted at least 3 weeks prior to the sale date. The required form is dependent on the vendors' food license status:

1. Vendors with a registered food truck license must complete an Appendix III including their license number.
2. Vendors without a registered food truck license must complete a Temporary Food Service Application.
